**\*\*Diaboromon's Last Stand\*\***

(One year ago)

The Digi-Destined were all at Matt's rehearsal studio as they danced and celebrated because two days ago they had defeated a major threat to both worlds, and in record time. "We sure kicked that giant cockroach's butt!" Veemon said happily before he stuffed a burger into his mouth and swallowed it whole.

"You know, if you keep eating like that you'll get really sick." Gatomon smiled as she drank some milk.

"No way." Veemon smiled. "Plus, me and Wormmon defeated Armaggedmon, we should be able to party anyway we want to! Even if that means not feeling good." Gatomon just shook her head. Meanwhile the Digi-Destined and the other Digimon were dancing to Matt's new song.

Mimi and Izzy were dancing together, so were Ken and Yolei, Kari was dancing near TK and Davis, Cody was dancing with the Digimon and Joe was away from everyone else TRYING to dance. As for Sora, she had gone to the restroom nearly an hour ago and Tai, who was dancing by himself, got worried and went to go look for her. He walked over to the girl's restroom and heard crying. "Sora?" Tai said as he knocked on the door quietly.

"Who...who is it." Sora said. He could tell that she was the one crying and was probably wiping her eyes.

"It's Tai." He said. "You okay? I heard you crying." The door opened and Sora walked out. Her eyes were red and puffy. "Come here." He said as he pulled her into a hug and she started crying again. "It's okay. Just let it out." He said as he rubbed her back softly. "What's the matter?"

"Before I left for tennis camp, Matt broke up with me." She said with her head still on Tai's shoulder. "He said it was getting too hard for us to see each other, because of his band rehearsals and gigs and my tennis practice."

"Matt!" Tai growled.

"It's okay Tai." Sora smiled. "I wasn't really upset about that, I agreed with him. But..."

"But what?" Tai asked.

"I...I saw him kissing Jun before he went on stage. That's why I was crying. Because I still feel like I love him." She explained.

"Jun...as in Davis' sister?" Tai asked and Sora nodded as she raised her head off the child of Courage's shoulder. Tai then broke into a fit of laughter. "H...he seriously has no where to go but Jun? That's hilarious!"

"How is it?" She asked.

"I mean, it's JUN!" Tai said. "To go after her after having someone like you who is as funny, athletic, amazing and beautiful is just crazy!"

"Y...you think I'm beautiful?" Sora asked, shocked and blushing.

"Uh..." Tai stuttered, realizing what he had just said. "Well..."

"Well...what?" Sora asked.

"Well...yea. Of course I'd think you're beautiful. I always thought that. Well, when we first met I thought you were a super cool soccer loving girl, but when we first went to the Digital World I realized that I...I had fallen in love with you. And ever since then, I've never stopped. In fact, I still love you. Even though I got a broken heart on Christmas."

"T...Tai." Sora said. "I love you too. All the time I loved you, but at Christmas I had given up on you so I went after Matt instead." Tai looked down, noticing how she had said 'loved' not 'love' But I still love you." Tai's head bolted up after hearing those words.

"Say that again!" He said, thinking he heard her wrong.

"Stupid Tai." Sora laughed lightly, shaking her head. "I said: I still love you." Tai just stood there, shocked. Sora shook her head

again before leaning forward and kissing him deeply and lovingly. As their lips parted the others, who were all hiding behind the door, sprung out and began cheering.

"Way to go Tai!" Agumon yelled.

"You've got him now Sora!" Yolei yelled.

"Nice going mate!" Davis added.

"Well." Tai stated as he looked at Sora with his famous grin. "Want to go out Friday?" Sora nodded happily and they kissed again, the others went and broke into another round of cheers and applause.

"Tai I baked another cake." Tai's mother said as she walked into the room but once she saw what she had interrupted she said, "I'll come back later." and walked back out of the room...

Kari and Gatomon were getting ready for bed when Kari said. "Tai's lucky."

"What do you mean Kari?" Gatomon asked.

"I mean, he has the girl he loves and she loves him back." Kari explained.

"Well, you'll have that one day." Gatomon smiled. "I know you like someone." Kari looked at the cat Digimon in shock. "I know you Kari and you can tell me anything."

"Yea." Kari sighed. "Well...I...I love..."

><p>(Present Day)<p>

It had been nearly a year since Armaggedmon was defeated and everyone was enjoying life. Tai and Sora were still going out, Ken and Yolei had started dating and Jun was dating Matt. As for what they were doing. Tai, Davis, and Ken were still soccer mad, in fact they managed to drag Sora back into the game, Matt's band was still doing great, Mimi had moved back, Joe had almost got his degree, Izzy was still crazy about his computer, Cody had gotten really good at ken-do, Sora had stopped playing tennis, TK had started writing stories about their adventures in the Digital World and Kari had started to dance more often.

But their happiness would not last forever...because deep within the internet, in a maze of darkness, an old evil awakened...

Diaboromon and hundreds upon hundreds of Kuramon were sleeping in a maze of darkness, designed by Gennai to keep him asleep inside the combined trash of the internet. But the walls slowly decayed and his eyes shot open. "Finally! I am alive again!" he then began to break down into Kuramon...

\* \* \*

><p>(Human World)<p>

The Digi-Destined were relaxing in the park, ready for a party the following day. Tai and Sora were under a tree with Sora resting her head on Tai's chest as they slept. Davis and Ken were playing soccer, Cody, Mimi, Izzy, Joe, Ken, and Yolei were having a picnic, Matt was working on a new song and TK was helping him, Kari was watching Davis and Ken's match, the Digimon were all talking and Izzy was on his laptop. Suddenly everyone's phones rang. They looked at them to see a message which held a Kuramon. "What! Not this again!" Davis yelled as he grabbed his D-3 and D-Terminal only for a Kuramon to come out of them as well. "Huh?"

"Oh man! Somehow there using the Digivices frequency to enter the real world!" Ken said as Kuramon came out of all the Digi-Destined Digivices, D-Terminals and Izzy's computer. They also came out of every device connected to a wireless source, whether it was the internet or another device.

"This is just great." Sora said as she stood up.

"Unite. Unite." The Kuramon said as half of them became a giant

Digi-Egg and the other half began combining into Diaboromon.

"Dude!" Matt said. "How many of these things are there."

"Almost twice as many as last time." A voice from Izzy's computer said. Everyone looked to see Gennai there.

"What are you talking about, Gennai?" Mimi asked.

"Diaboromon has broken himself into Kuramon and they, as well as the Armaggedmon Kuramon have entered the Real World like last time and will, well, you know." Gennai explained.

"But how did Diaboromon survive AGAIN?" Tai asked.

"You stabbed him in the head." Gennai explained.

"Like the first time!" Tai said in annoyance. "And both times he survived!"

"Because you stabbed him in the head." Gennai repeated.

"What?" Davis said. "I thought a stab through the head was a great way to kill someone."

"It would be, if that person's life was stored in his chest." Gennai said calmly. "In this case it's Web Wrecker."

"But we blasted the Web Wrecker last time!" Tai said.

"And last time there were enough Kuramon to fuse with him so he can heal." Gennai explained.

"Great!" Davis smiled. "Just destroy the Web Wrecker and don't let him heal. Got it." He turned to his DNA partner and asked. "You ready Ken?" Ken nodded as he held onto his D-3.

"You will need more power than this." Gennai held a black orb and gave it to Davis. "Go to Colorado and pick up your friend Willis, then go to Highton View Terrace to pick up the other eight, after that hold this to the sky."

"Other eight?" Davis asked.

"Yes, there are four additional humans and Digimon that want to help you in this fight." Gennai explained.

"Got it." Ken said as he and Davis got onto Imperialdramon's back.

"Hold down the fort till we get back." Imperialdramon smiled as he took to the sky.

"Let's go!" Davis yelled as he and Ken flew on Imperialdramon's back.

"Looks like it's up to us." Kari smiled the group nodded and held up their Digivices.

The Ultimate Digimon stood by the side of the Royal Knight as the Digi-Egg hatched revealing another Armaggedmon and Diaboromon finished forming. Armaggedmon landed onto the water just like he did the first time and roared.

"DESTINY DESTROYER!" Armaggedmon fired a blast of energy from his mouth at the city.

"WEB WRECKER!" Diaboromon roared as he fired a blast from his chest cannon as well.

"AAAAAHHHHHH!" everyone in the streets yelled as they ran away, rubble falling towards them.

"This might be a little harder than we thought." Tai whispered...

\* \* \*

><p>Meanwhile Davis, Ken and Imperialdramon arrived at Willis' house. He, Terriermon, and Lopmon (Kokomon's rookie form) were relaxing on a hill when they showed up. "Oh, hey Davis. Who is that Digimon and the kid with you?"<p>

"The kid is Ken, his partner is called Wormmon and he combined with Veemon to become this guy, Imperialdramon." Davis explained as he walked towards the American Digi-Destined. "Hi buddy." He high fives the boy, they smiled at each other and then Davis turned around.

"Why are you here?" Terriermon asked.

"Diaboromon." Imperialdramon explained. The three Americans looked at each other in fear.

"What is it?" Lopmon asked.

"He's back with a friend called Armaggedmon in the Real World and we need your help." Ken explained.

"We're in." Willis smiled as he raised his Digivice. "GO, WARP DIGIOLVE! GOLDEN ARMOR ENERGIZE!"

\*\*\*"Terriermon Golden Armor Digivolve to...RAPIDMON!" \*\*

\*\*\*"Lopmon Warp Digivolve to...CHERUBIMON!" \*\*

"Nice." Ken said as Willis got onto Cherubimon's giant fist.

"We've got to make a stop first." Davis said as they took off. A minute later they were in Highton View Terrace.

"What are we doing here?" Willis asked.

"I don't know." Ken said as Davis recalled what Gennai asked, "We're looking for four humans and Digimon to help us, so let's start looking." They head in separate directions to find them, eventually spotting them coming forward.

"I heard the story from Gennai, my name's Drew, this is Max, the guy next to him is Ray, and finally there's Zane."

\* \* \*

><p>"HORN BUSTER!" Megakabuterimon fired a blast of energy from his horn at Diaboromon.<p>

"STATIC FORCE!" Silphymon added to the attack by firing a red and pink aura sphere.

"WING BLADE!" Garudamon fired a red phoenix and boosted the attack

even more.

"WEB WRECKER!" Diaboromon fired a blast of energy from his chest cannon at the attacks and ripped through them.

"VULCAN'S HAMMER!" Zudomon slammed his hammer down and unleashed electricity at Armageddmon.

"JUSTICE BEAM!" Shakkoumon fired two beams of red energy from his eyes to add to the attack.

"FLOWER CANNON!" Lilymon boosted it even more by firing a blast from her cannon.

"DESTINY DESTROYER!" Armaggedmon roared as he released a giant fire ball from his mouth and slammed them down near their partners.

"AAAHHHHH!" The Digi-Destined and their partners yelled as they fell to the floor.

"SUPREME CANNON!" Omnimon roared as he fired multiple energy blasts at the evil Digimon. They both moved out of the way and Diaboromon slammed him into the ground. The two of them then suddenly multiplied at least twenty times.

"Hurry!" Davis thought as Imperialdramon flew over the streets of Odaiba with Rapidmon, Cherubimon, and five other mystery Digimon behind him. They arrived with Diaboromon and Armaggedmon laughing as they blasted their friends again and again. They all fell to the floor near their partners as they also fell to the floor.

"Davis, where are you?" Kari said aloud as she looked up in fear at the two giant Digimon.

"Right here." Davis said as they turned around to see him and Ken getting off of Imperialdramon. Rapidmon and Cherubimon landed as Willis got off of Cherubimon's hand. Davis walked up to Kari and asked "Hey Kari, you okay?" Davis asked as he helped stand back up with a smile. Kari blushed as she thought back to that night one year ago...

><p>"Yea." Kari said, still blushing.<p>

"Great, we've got back up." Yolei smiled before noticing the other four mystery asked, "Who are those four." pointing at the newer Digimon.

"Oh, yeah. Meet our partners." Zane explained, "The two dragons are Shinegreymon and UlforceVeedramon, the armored wolf is MirageGaogamon and last but Gallantmon."

Mimi nodded when suddenly...

"TERRA DESTROYER!" A familiar voice roared as he fired a giant black energy ball at Diaboromon, slamming him into Armaggedmon. "How dare you attack this world with such lack of mercy and honor?" the voice spat in disgust, every Digi-Destined and their partners but Ken, Davis, Willis, and their partners looked up to see...

"BLACKWARGREYMON!" they all yelled in surprise and happiness.

"But how?" Cody asked.

"That orb was a special Digi-Core that brought BlackWarGreymon back as a real Digimon." Imperialdramon as he changed into Fighter Mode. Meanwhile, Rapidmon returned to Terriermon before Digivolving into Gargomon.

"Golden Armor Energize" Willis yelled.

\*\*"Gargomon Golden Armor Digivolve to...MEGAGARGOMON!" \*\*

This new MegaGargomon looked just like the normal one but it was gold and had the Crest of Destiny was on his chest. "Wow." Izzy said in amazement. Omnimon got up and smiled at them from under his helmet.

"Let's do it guys!" Willis yelled as MegaGargomon, Cherubimon, ShineGreymon, MirageGaogamon, UlforceVeedramon, and Gallantmon charged towards the army of Diaboromon and Armaggedmon.

"MEGA BARRAGE!" MegaGargomon roared as he fired a massive barrage of missiles.

"LIGHTNING SPEAR!" Cherubimon roared as he throws a spear of lightning, and with his brother's attack destroyed a Armaggedmon.

"FULL MOON BLASTER!" MirageGaogamon concentrated his energy, then fired it from the mouth on his chest.

"GLORIOUS BURST!" ShineGreymon spread his wings and concentrated his energy to it's limit releasing it.

"RAY OF VICTORY!" UlforceVeedramon strafed a golden beam from the V shaped armor on his chest.

"FINAL ELYSIUM!" Gallantmon fires a purifying beam from his shield.

"GIGA CRUSHER!" Imperialdramon fired a massive blast from from his chest cannon and totally annihilated twenty Diaboromon but an Armaggedmon was right in front of him. "AAHHHH! Imperialdramon yelled as the Armaggedmon stomped on him, forcing him into the ground. "POSITRON LASER!" He fired a blast from his arm cannon which ripped through the evil Digimon's foot. Imperialdramon then took to the sky and flew away from the giant creature and started a battle with some Diaboromon.

"TRANSCENDENT SWORD!" Omnimon slashed with his sword and sliced a Diaboromon's arm off and then sliced again, this time through the Web Wrecker.

"Th...they need more power." Megakabuterimon said as he stood back up.

"We can give them ours." Silphymon said as s/he stood up as well.

"Send your power through me." Shakkoumon said as he floated up.

"IMPERIALDRAMON!" they all yelled. Said Digimon turned around as Silphymon, Zudomon, MegaKabuterimon, Lilymon, and Garudamon directed all their power into Shakkoumon, who redirected with his own power towards Imperialdramon Fighter Mode. The power then changed into the shape of the Omni Sword.

"Take it!" Kari yelled as the Digimon that sent their power returned to their Rookie forms.

"Thank you." Imperialdramon said as he grabbed it. His armor and his wings then turned snow white as he grunted from the sudden rush of power. "I feel their strength!" Imperialdramon said as his transformation to Paladin Mode was complete. "OMNI SWORD!" Imperialdramon Paladin Mode roared as he slashed through five Armaggedmon like they were nothing.

"Wow." TK said in amazement. "What power."

"TERRA DESTROYER!" BlackWarGreymon roared as he fired another black energy ball at the two Digimon but Omnimon kicked Diaboromon in the chest and Imperialdramon slashed Armaggedmon on the head, throwing the two into each other.

"MEGA BARRAGE!" MegaGargomon fired another barrage of missiles from hidden compartments at the two Digimon.

"STORM OF JUDGEMENT!" Cherubimon raised his arms to the sky and giant blue thunder bolts headed towards the evil Digimon.

"TERRA DESTROYER!" BlackWarGreymon fired another black energy ball which added more power to the brother's attacks.

"DOUBLE BREAK!" Omnimon fired an X of fire and ice energy at the two Digimon.

"OMNI SWORD!" Imperialdramon fired a shockwave of white energy from his sword towards the two Digimon. The five attacks hit but the water settled and they were unharmed, in fact they are glowing. Diaboromon's left claw grabbed BlackWarGreymon while his left grabbed MegaGargomon and Armaggedmon extended his tail and wrapped it around Cherubimon.

"AAHHHHH!" They all yelled as they returned to rookie form. BlackWarGreymon's is BlackAgumon.

Diaboromon and Armaggedmon roared as they began to glow brighter and combined together. Once the glowing stopped the new enemy is revealed. It looked like a giant Diaboromon but his legs were replaced by a headless Armaggedmon, seven Armaggedmon tails came out of his back but they were the same width as the bottom, the whole way up and an Armaggedmon head was at the end of each 'tail', he had four pairs of Diaboromon's arms and his chest had the same styling as the back of Armaggedmon. "Prepare to die by the claws of ArmagedonDiaboromon!" it roared.

"Oh man." Davis moaned. "Just when we were winning!"

"DIE!" ArmagedonDiaboromon roared. "TOTAL ANNIHILATION!" as it fired a barrage of missiles towards them from his body. They soared through the air and got closer and closer to Imperialdramon.

"OMNI SWORD!" Imperialdramon Paladin Mode roared as he slashed twenty missiles, but another fifty collided with him. The force pushed him towards a building and slammed him into it.

"DOUBLE BREAK!" Omnimon roared as he slashed at the monster, but it blocked that and slammed him into the ground. Omnimon panted as he tried to stand up as he faced the strange monster with Imperialdramon who had pulled himself out of the building.

"AAAAHHHHH!" Imperialdramon howled in pain as ArmagedonDiaboromon slammed him into the floor as he turned back into Chibomon and Leafmon.

"INFINITE ARMAGEDDON!" It roared as it slammed it's fist into the ground and sent a blast to the center of the Earth.

"What did you do?" Cody asked.

"In less than five minutes your world will implode!" the monster roared. The Digi-Destined looked at it in shock, except for Davis.

"That's a good thing, right?" Everyone sweat dropped at his comment.

"No!" everyone yelled.

"It means that our world will collapse in on itself!" Izzy yelled.

"Oh, so it's bad!" Davis said.

"Yes!" everyone yelled. Willis then looked on with fear in his face.

"No." Willis said. "We've lost."

"Don't say that." TK said. "We can never give up. We never gave up before and we can't stop now! We have to stop this guy before it's too late! We just need to have hope!"

"You're right TK." Kari said as she walked next to him. "This creature is pure evil and must be destroyed." For some reason ArmaggedonDiaboromon howled in pain and backed a few steps away from the two Digi-Destined.

Kari and TK just glared at ArmaggedonDiaboromon. It then roared "TOTAL ANNIHILATION!" as it fired a barrage of missiles towards them from his body. They just grabbed hold of each other as the missiles got closer and closer.

"TK!" Patamon, Matt, Palmon, Izzy, Tentomon, Cody, Armadillomon, and Wormmon called as the attack got closer and closer.

"Kari!" Salamon, Tai, Davis, Veemon, Joe, Gomamon, Yolei, Hawkmon, and Ken yelled as the attack nearly hit them.

"NO!" Omnimon said as he tried to block the attack. He fell to the ground, his cape torn, his armor cracked and sparks flew from his arms.

Matt and Joe slowly stood up as they looked up to the battle. "Can they do it?" Joe asked.

"I hope so..." Matt said.

"How can we win this?" Cody asked as Izzy shook his head.

"We can't." Izzy said as he looked up from his laptop. "It's completely hopeless..."

"There's got to be a way!" Yolei yelled as Silphymon fell to the floor again and Mimi nodded.

"You've got to think of something!" Mimi said.

"Maybe..." Izzy said. "That's it! The power of the Crests!"

"What do you mean?" Ken asked.

"When TK and Kari used the trait of their Crests, ArmaggedonDiaboromon howled in pain." Izzy explained. "All we need to do is activate our Crests!" ArmaggedonDiaboromon roared in pain again as the original Digi-Destined nodded.

"Come on Omnimon!" Matt yelled. "Your friends are right behind you!"

"It's your job to stop him!" Joe added. "We believe in you!" Omnimon grunted as he stood back up.

"ETERNAL OBLITERATOR!" ArmaggedonDiaboromon roared as it fired hundreds of laser blasts from its many Armaggedmon heads and the giant Web Wrecker Cannon in between its giant chest and gut towards

the Digimon the team had their faith in. He fell to the ground again, data pouring out of his wounds. "Now it's time to kill all of you."

"NO!" Tai yelled in fury as he stepped in front of his friends. "I won't let you hurt anyone else I care about." he added.

"Stupid Tai." Sora smiled as she stepped next to him and took his hand in a loving hold. ArmaggedonDiaboromon once again howled in pain as he backed away.

"Don't like the Crests, do you?" Omnimon said as he stood back up.

"The power of their combined belief is unbearable." ArmaggedonDiaboromon said.

"Well, let's see how you like this!" Tai said as he grabbed hold of his Crest of Courage and held onto it tightly as he raised it to the sky. "Take the power Omnimon!" the orange crest then began to glow and shattered into a million pieces but reformatted into a giant version of the Crest of Courage's symbol. "Guys we need to help Omnimon! You with me?"

"I'm always with you Tai." Sora said as she did the same as Tai did with her crest.

"I'm with you too bro." Kari said, copying her brother.

"Matt." TK said.

"Let's go." Matt said as he and his younger brother followed Tai and the girls.

"You'll need your help." Izzy said.

"You got that." Joe said.

"Don't forget me." Mimi smiled. The three of them copied the five other Digi-Destined. Eight giant Crests were standing tall in front of ArmaggedonDiaboromon who howled in pain as he stepped back.

"Let's do it." Tai said with a smile the group nodded as they held out their crests. "COURAGE!" a blast of orange light was fired from the giant version of Tai's Crest.

"LOVE!" Sora's crest fired a red beam at the Royal Knight.

"LIGHT!" Kari fired a pink beam from her giant Crest.

"FRIENDSHIP!" a blue beam fired from Matt's giant Crest.

"HOPE!" the giant Crest of Hope fired a yellow beam.

"KNOWLEDGE!" Izzy's fired a purple beam.

"SINCERITY!" a green beam fired from Mimi's giant Crest.

"RELIABILITY!" and finally a grey beam fired from Joe's.

The eight lights all directed themselves to Omnimon and he roared as the power fused with his body. And he was surrounded by a deep gold light.

\_Digimon Digital Monsters \_

Meanwhile, ShineGreymon, MirageGaogamon, UlforceVeedramon, and Gallantmon have also powered up to their strongest forms.

\_Digimon Digital Monsters \_

The Crest of Friendship was on the forehead of the MetalGarurumon gauntlet, the Crest of Courage was in the middle of the forehead on the WarGreymon gauntlet and the Symbol of Miracles was in the middle of his chest (Remember that the Digi-Egg of Miracles was gold, but the actual symbol on the Digi-Egg is silver) "\*\*\*NEOMNIMON!" \*\*The new form of Omnimon flew in the air as energy manifested around him.

\_DIGIMON!\_

><p>"Wow." Davis said in amazement as Neoomnimon's sword disappeared.<p>

"You think that wimp can defeat me?" ArmaggedonDiaboromon asked.

"\*\*Don't underestimate us." \*\*Neoomnimon smirked as a cannon appeared from the back of his MetalGarurumon arm. "\*\*OMNI BLAST!" \*\*The new Omnimon roared as he pointed his MetalGarurumon arm at ArmaggedonDiaboromon and the cannons on that arm fired a light blue blast. The energy slammed into ArmaggedonDiaboromon and he fell to the ground but stood back up.

"GO GET 'EM NEOOMNIMON!" Tai yelled.

"\*\*NEO SABER!" \*\*NeoOmnimon roared as his new sword appeared in his WarGreymon hand. He charged and sliced at the monster Digimon and cut off two of his left hands.

"AAAAHHHHH!" ArmaggedonDiaboromon howled in pain.

"\*\*CROSS FIRE!" \*\*NeoOmnimon roared as his wings glow with fire. The fire then moved around his chest and created a cross in front of him. His wings then returned to normal and the cross flew to his opponent.

The attack burned the Digimon across the chest and it stumbled back.

"ETERNAL OBLITERATER!" ArmaggedonDiaboromon roared as it fired hundreds of laser blasts for its many Armaggedmon heads and the giant Web Wrecker Cannon in between its giant chest and gut but he stayed calm.

"\*\*BLUE MOON WAVE!" \*\*NeoOmnimon fired his cannon while slicing it downwards like a sword, creating a shock-wave which swiped through ArmaggedonDiaboromon's Eternal Obliterater attack "\*\*Particle Wave!" \*\*He then unleashed a fiery blast from his cannons and destroyed one of his Armaggedmon 'tail heads' "\*\*FROZEN SABER!" \*\*He then sliced with his sword and created a shock-wave of subzero energy.

"Come on!" Tai yelled as NeoOmnimon shock-wave ripped right through ArmaggedonDiaboromon's right arms.

"NOOOOO!" ArmaggedonDiaboromon roared as he stumbled back.

"\*\*ICE CRUSHER!" \*\*NeoOmnimon roared as he fired his cannons up into the sky. A few seconds later giant ice shards the size of buildings fell from the sky and slashed ArmaggedonDiaboromon while some went right through his Armaggedmon style lower body.

"Even IF you defeat me, your world is still doomed. You have less than a minute left." ArmaggedonDiaboromon boasted.

"He's right." Cody said.

"Hurry, we're running out of time!" Kari yelled.

"Kick his butt!" Davis yelled.

"You're almost there!" Matt added.

"YOU CAN DO IT!" Everyone yelled and NeoOmnimon nodded.

"\*\*It's time to end this." \*\*NeoOmnimon smiled as he flew above above the attack which soon stopped.

><p>(Song moment - start I'm going Digital chorus music.)<p>

\_I'm going Digital\_

NeoOmnimon then began to glow bright gold as his wings did Cross Fire but the flame X didn't fly towards ArmaggedonDiaboromon yet, instead it moved forwards a bit and his wings created another one and then another and another.

\_Completely Digital\_

While this was happening, his cannons began to charge with energy and the same was happening with his sword.

\_Now I'm invincible \_

He raised his weapons above his head as they transformed into one

handheld cannon with an Azulongmon head as the actual firing part. Once the cannon was formed there where eight X's of flame all in a row, each one the color of the Crests that allowed him to Digivolve.

\_Let's all get Digital\_

\*\*\*CREST CROSS CANNON!\*\* NeoOmnimon roared as he fired a blast of silver energy from the cannon. As the blast hit each of the X's, it got wrapped around the silver sphere of energy so it became a ball of silver, orange, blue, red, green, gray, purple, pink, and yellow. The blast slammed into ArmaggedonDiaboromon's Web Wrecker and went right through it and ArmaggedonDiaboromon landed over the hole he made with his attack.

(Song moment over - stop music)

\* \* \*

><p>"Hurry NeoOmnimon!" Kari yelled.<p>

"We've only got ten seconds left." Izzy added.

NeoOmnimon then created 8 more X's. But this time they were silver.

"Nine..." Joe yelled.

The cannon NeoOmnimon was carrying then changed so the blaster was now Fanglongmon.

"...Eight..." Cody continued.

\*\*\*Galactic...\*\*

\*\*\*"...\*\*Seven..." Yolei added.

\*\*\*"...Crest.." \*\*

"...Six..." Ken added.

\*\*\*"...Cross..." \*\*

"...Five..." Tentomon continued.

"...\*\*CANNON!\*\* NeoOmnimon roared as he fired a gold blast of energy this time, wrapped around the X's to make a gold and silver sphere of energy.

"...Four..." Armadillomon added.

"...\*\*Final Shining Burst.\*\*" ShineGreymon Burst Mode transfers solar energy and directs it as a massive blast.

"AAAAHHHH!" ArmaggedonDiaboromon howled in pain as the attacks slammed through his Web Wrecker and continued down the crater he made.

"...Three..." Hawkmon said.

"...\*\*Meteor Shackle." \*\*MirageGaogamon Burst Mode spins around throwing a ball and chain.

"...Two..." Wormmon said, Tai and Sora hugged each other tightly, so did Ken and Yolei and Kari and Gatomon, Davis clenched his fist and the others looked worried.

"\*\*Royal Saber!" \*\*Gallantmon Crimson Mode dispatches a lightning blast.

"...One..." Tai said, but he was confident his partner could do it, but he was slightly scared of what would happen if he couldn't.

"\*\*Shining V-Force!" \*\*A holy energy beam is fired from UlforceVeedramon's right V-bracelet.

"...\*\*ZERO!" \*\*NeoOmnimon yelled as a tower of gold energy burst through the hole, completely through ArmaggedonDiaboromon and out to space. It slowly faded away and ArmaggedonDiaboromon was left standing at the edge of the hole, barely hanging on, panting heavily.

"You...can...destroy...me...but...I'll...just...keep coming back...stronger...until I win." ArmaggedonDiaboromon said in anger.

\*\*"Not this time." \*\*NeoOmnimon said. \*\*"This time we will make sure you never come back!" \*\*as he was talking his cannon returned to his sword. \*\*"NEO SABER!" \*\*NeoOmnimon roared as he charged forwards and stabbed ArmaggedonDiaboromon's Web Wrecker. The monster Digimon howled in pain as he was deleted, and the data then just suddenly disappeared.

"Go NeoOmnimon!" Tai yelled. The whole group began cheering as NeoOmnimon floated to the group and returned to its Baby stages Botamon and Punimon. Tai and Matt caught their respective partners before they hit the ground. "You okay buddy?"

"Yes Tai. But..." Botamon said.

"...Have you got something to eat?" Punimon asked. Everyone looked at each other and burst out laughing. Their ordeal with Diaboromon was finally over...
